In my eight months of journey I would definitely say that EduVersity is one of the best institute in Nagaland for Civil Service. From facilities to infrastructure, it has been very well invested by our CEO. One of the best thing about the institute is, it always keeps improving in all the aspects, from ideas to resources with constant motivation. I sincerely hope that EduVersity keeps providing better and better and maintain this upward trend in the longrun. I chose to be a part of this institute by chance, without any recommendation from anyone and nothing feels loss. I will always be grateful that I took a step here.
